APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to prior rights. It is considered that this permit will be used in conjunction with permits No. 2240 and 2008, the total acreage under the three being 4140 acres. This right is not considered a positive right in that the watershed will not supply water for that acreage except under unusual circumstances such as abnormal precipitation.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 15.9 cubic feet per second.

Actual construction work shall begin on or before November 21st, 1912.

Proof of commencement of work shall be filed before December 21st, 1912.

Work must be prosecuted with reasonable diligence and be completed on or before November 21st, 1913.

Application of water to beneficial use shall be made on or before November 21st, 1916.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before December 21st, 1916.

WITNESS MY HAND AND SEAL this 21st day of October, 1912.
